October 2009

To Whom It May Concern,

Dear Sir or Madam:

**Re: Reference for Tim Moll acting as Tim Moll Architecture**

Cloughmore Homes Limited have worked with Tim Moll Architecture for the last 10 years and co-operated closely on a substantial number of projects in that time. The work has included individual houses ranging from 1500 square feet up to 11,000 square feet to more modest apartment buildings ranging from 4 units up to 10 flats.

Tim Moll Architecture provide a professional and comprehensive service and have successfully secured planning consent for all our developments. He negotiates with Local Authorities and ensures that optimum potential is realised from each site. Tim's detailed drawings for Building Regulations are always well thought out and embraced by the construction team for their clarity and imaginative use of building procedures and processes.

I would thoroughly recommend Tim to you for the project you currently have in hand and am sure he will be an asset to your team in his capacity as project architect.

Yours faithfully

John Price  
Managing Director
